## Extraordinary ease of use

- High mobility thanks to the foldable push handle and puncture-proof wheels.
- Electro start function for the convenient and quick start of the petrol engine.

## Ultimate reliability and safety

- With overload and oil shortage protection as well as tubular steel frame for maximum safety.
- With automatic voltage regulator (AVR) for the operation of sensitive electronic devices.
- With automatic voltage regulator (AVR) for the operation of sensitive electronic devices.

## Very powerful

- 230 V synchronous generator reliably provides continuous power of 5.5 kW.
- Powerful petrol engine for applications of min. 6.5 hours per tank filling.
