

Cartridge brazing/soft soldering

MAPP® GAS

High performance brazing and soldering gas with 7 / 16"-EU thread, with flame temperature up to 1982°C

Product profile

KEY FEATURES

- Superior heat transfer, higher than propane, especially in winter below 0°C
- Increased safety and stability based on massive brass valve and protective collar
- Provides superior flame performance in any position (360°)

Technical Data

Model No.	MAPP Gas 3.5698(3.5663-old)
Product Dimension	270 x 70 x 70mm
Weight	400g
Gas	100% Propylene
Gas content	400g
Unit per box 	12
Canister Material	Steel

Multigas 300

Propane / butane gas mixture for flame temperatures up to 1,900 °C. Gas cartridge with 7/16" EU coupling thread

Product profile

KEY FEATURES

- Superior heat transfer.
- Provides superior flame performance.

Technical Data

Model No.	Multigas 300 3.5510
Product Dimension	270 x 70 x 70mm
Weight	338g
Gas	30% Propan / 70% Butan
Gas content	338g
Unit per box 	24
Canister Material	Aluminium
